

 innventia

Travel Technology Products And Solutions Provider

Travel Technology Specialists

Manage activity and hotel rates as well as inventory effortlessly with innventia. Quickly add, update and modify activity and hotel rates, as per your contracted travel inventory.

Add rich content for hotels such as high-definition images descriptions and amenities as per your contracted travel inventory and easily create a niche for end customers.

Rate management support for different types of pricing - per person, per occupancy or per unit, enables users to define and publish to the online booking platform.

Pay and stay discounts are simple to configure. Create and publish unique offers and discounts to online booking websites in a matter of minutes.

A comprehensive travel inventory management system which enables travel businesses to manage their inventory, operations and selectively distribute their niche content to a wider audience, at will.

Nationality specific rates are easy to define. Users can define rates for domestic and foreign travelers and also instantly publish on the travel booking platform.

API support for 3rd party integrations, enables travel businesses to integrate seamlessly with other online travel booking platforms for rate publishing services, searching, booking and cancellations.

On request hotel support for handling last-minute booking requests from end customers. Easily manage inventory allocations with suppliers and ensure fulfillment of bookings.

Two-step confirmation of the booking fulfillment process for travel businesses to efficiently manage last-minute bookings and manage inventory allocations for end customers.

About Us

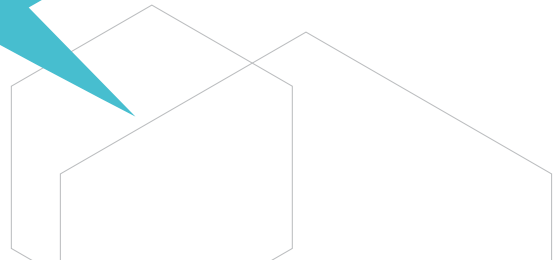

Tavisca Solutions, a travel technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe and helps them enhance their online business. With the vision to build future-focused technology building blocks that solve key challenges in online travel business, tavisca® offers a versatile suite of cloud-based SaaS products, deciphering every aspect of customer and agent facing booking engines, travel mid & back-office operation management systems.

Established in 2008, tavisca® has emerged into a team of travel technology specialists with over 300 dedicated personnel and three state-of-the-art development centers in India and the United States of America.

Today, tavisca® continues to soar at its position amongst the top 100 'GPTW' list of best places to work in India, for three consecutive years.

tavisca's core offering 'travelnxt' is a PCI PA-DSS compliant online travel booking management software that works across Air, Hotel, Car, Deals, Activity/Transfers and Insurance with a Strong Booking Engine, Static Package Builder and Inventory Management System. Annually, tavisca's travel technology empowers more than a million online travel bookings globally.

A Travel Technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe.
