Travel Technology Products And Solutions Provider

tavisca[®]
Travel Technology Specialists

Easy drag-and-drop features to create web pages with the help of multiple domain support and multiple sites which can run on a single instance.

High levels of customization for configuring every aspect of the website – templates and layouts. Widgets can be created, customized and reused for different functions.

Easy to deploy once created, can be made live immediately. Out-of-the-box support for pages on SSL, SEO and page routing configurations is also provided.

Efficient administration with sophisticated security and inbuilt access control with granular access settings, allowing users to specify roles and restrictions for other users.

Isolation of live and current views providing options to compare and fine-tune designs. Strong isolation features with the ability to preview and compare versions.

Track activities with detailed reports about unhandled and logged exceptions, cache statistics, feedback reports and scheduled pages available for analysis.

A **white-label website development software** which provides a management interface for creating websites and pages using widgets with a simple and thoughtfully designed user interface.

About Us

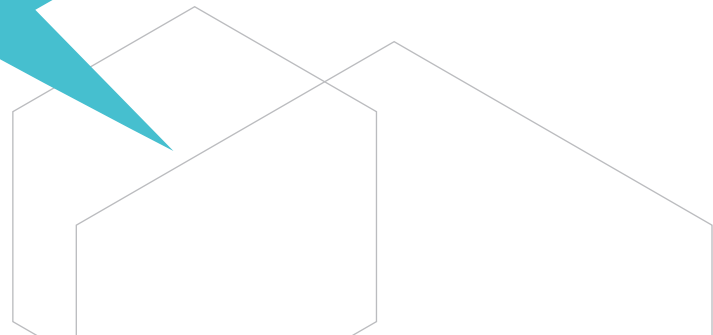

Tavisca Solutions, a travel technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe and helps them enhance their online business. With the vision to build future-focused technology building blocks that solve key challenges in online travel business, tavisca® offers a versatile suite of cloud-based SaaS products, deciphering every aspect of customer and agent facing booking engines, travel mid & back-office operation management systems.

Established in 2008, tavisca® has emerged into a team of travel technology specialists with over 300 dedicated personnel and three state-of-the-art development centers in India and the United States of America.

Today, tavisca® continues to soar at its position amongst the top 100 'GPTW' list of best places to work in India, for three consecutive years.

tavisca's core offering 'travelnxt' is a PCI PA-DSS compliant online travel booking management software that works across Air, Hotel, Car, Deals, Activity/Transfers and Insurance with a Strong Booking Engine, Static Package Builder and Inventory Management System. Annually, tavisca's travel technology empowers more than a million online travel bookings globally.

A Travel Technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe.
