Travel agency management software to manage mid and back-office operations, affiliate networks, track reports and supervise routine agency operations efficiently.

Static tour and package builder for creating, publishing and marketing multi-day static packages along with complex tour itineraries on the go, and offer them through your online booking system.

About Us

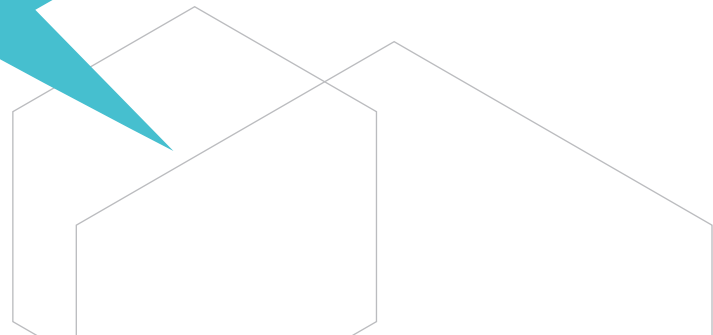

Tavisca Solutions, a travel technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe and helps them enhance their online business. With the vision to build future-focused technology building blocks that solve key challenges in online travel business, tavisca® offers a versatile suite of cloud-based SaaS products, deciphering every aspect of customer and agent facing booking engines, travel mid & back-office operation management systems.

Established in 2008, tavisca® has emerged into a team of travel technology specialists with over 300 dedicated personnel and three state-of-the-art development centers in India and the United States of America.

Today, tavisca® continues to soar at its position amongst the top 100 'GPTW' list of best places to work in India, for three consecutive years.

tavisca's core offering 'travelnxt' is a PCI PA-DSS compliant online travel booking management software that works across Air, Hotel, Car, Deals, Activity/Transfers and Insurance with a Strong Booking Engine, Static Package Builder and Inventory Management System. Annually, tavisca's travel technology empowers more than a million online travel bookings globally.

A Travel Technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe.
