

# Travel Technology Products And Solutions Provider

A centralized application for **user profile and authentication management** for enterprise with SSO, configuration and policy management, access control, role management and profile sharing features.

**Quick onboarding** of affiliates, as well as partners to travel business platforms, and maintain organizational hierarchy as per business requirements.

**User profile management** for affiliates, partners and users, is quick with vexiere's automated features that enable businesses to create, modify and manage user profiles.

**Secure user authentication and management** as one way encrypted values. Authenticate and manage user profiles, as well as configurations with PCI PA-DSS compliance.

**Define permissions and access rights** by simply setting and also defining access rights and permissions as per business requirements, among affiliates, as well as partners.

**Seamless customer experience** through the Single Sign-On (SSO) and Social Sign-On features to produce a suite of applications and helps integrate them into a large multifaceted technology platform.

**Organization management** is easy with vexiere's session log reports to keep track on activities and operations taking place within the parent organization and among affiliates as well as partners.

**Managing hierarchical data** from the parent organization with vexiere is simple. Users have complete control over crucial organizational data which business affiliates and partners can access.

**Maintaining contextualized data** settings and configurations for travel businesses to drive the behavior of front-office or back-office of affiliates and partners such as branding, themes, and templates are easy.

# About Us

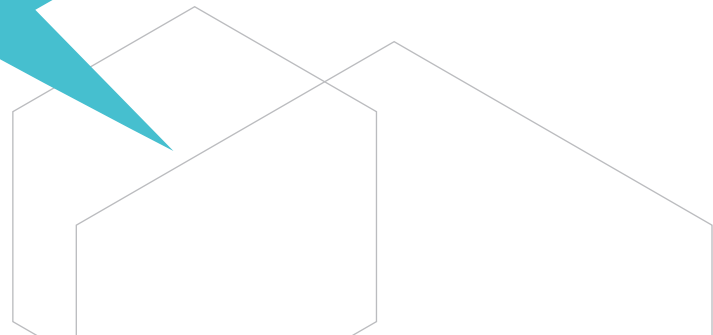

Tavisca Solutions, a travel technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe and helps them enhance their online business. With the vision to build future-focused technology building blocks that solve key challenges in online travel business, tavisca® offers a versatile suite of cloud-based SaaS products, deciphering every aspect of customer and agent facing booking engines, travel mid & back-office operation management systems.

Established in 2008, tavisca® has emerged into a team of travel technology specialists with over 300 dedicated personnel and three state-of-the-art development centers in India and the United States of America.

Today, tavisca® continues to soar at its position amongst the top 100 'GPTW' list of best places to work in India, for three consecutive years.

tavisca's core offering 'travelnxt' is a PCI PA-DSS compliant online travel booking management software that works across Air, Hotel, Car, Deals, Activity/Transfers and Insurance with a Strong Booking Engine, Static Package Builder and Inventory Management System. Annually, tavisca's travel technology empowers more than a million online travel bookings globally.

A Travel Technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe.
