

Travel Technology Products And Solutions Provider

Single XML integration to efficiently manage all travel content aggregate from various GDSs, suppliers and wholesalers for airlines, hotel chains and car rental companies.

Caching of results enables sceptre users to respond faster to the availability requests, resulting in high performance and good customer service.

3rd party integrations for travel businesses, to easily integrate with other travel booking platforms are easy with sceptre's 3rd party integration support.

A unified XML API interface for all leading travel content providers (GDS, CRS, direct connects, wholesalers and OTAs) to reduce cost and time to market for travel booking engines.

Monitoring transactions by means of log reports of all transactions with sceptre and suppliers, enables travel businesses to keep track on business transactions.

Flaw detection with standardized error messages, make it easier to identify issues and take corrective actions to rectify repetitive error patterns and issues.

Designed for high scalability and availability making sceptre web services capable of handling huge volumes of traffic by adding resources on the fly.

About Us

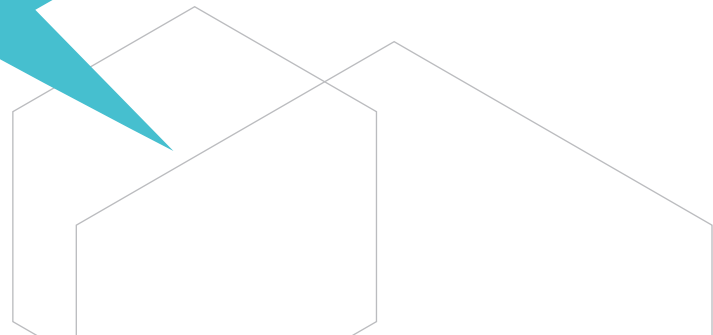

Tavisca Solutions, a travel technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe and helps them enhance their online business. With the vision to build future-focused technology building blocks that solve key challenges in online travel business, tavisca® offers a versatile suite of cloud-based SaaS products, deciphering every aspect of customer and agent facing booking engines, travel mid & back-office operation management systems.

Established in 2008, tavisca® has emerged into a team of travel technology specialists with over 300 dedicated personnel and three state-of-the-art development centers in India and the United States of America.

Today, tavisca® continues to soar at its position amongst the top 100 'GPTW' list of best places to work in India, for three consecutive years.

tavisca's core offering 'travelnxt' is a PCI PA-DSS compliant online travel booking management software that works across Air, Hotel, Car, Deals, Activity/Transfers and Insurance with a Strong Booking Engine, Static Package Builder and Inventory Management System. Annually, tavisca's travel technology empowers more than a million online travel bookings globally.

A Travel Technology products and solutions provider that works with (B2B, B2C and B2B2C) travel companies across the globe.
